

## **Board Shorts**

- **Thank you for Kapa Haka, Dancesplash and Artsplash.**  
The board would like to thank the students, staff and parents for all their wonderful efforts with these great performance opportunities this term. The hard work involved was very evident and this was reflected in their performances. We enjoyed all the performances and have been delighted with the feedback from the school community and the greater Wellington area.
- **Year 6 Student Survey**  
The year 6 students completed an online survey that provides information about their engagement in learning, sense of wellbeing and safety, and attitude to school. We were pleased that in all these dimensions there has been an improvement on results in 2008 and 2009. Our students have also rated these more highly than the national sample. Full results are available from the office.
- **Enrolment Scheme - Places for 2012**  
The Board agreed there would be no Out of Zone places for 2012. The roll is still likely to increase over the next two years with in zone enrolments. The board wished to ensure the roll continued to be managed to avoid overcrowding for the best possible outcome of our students.
- **Senior Camp 2012**  
The board reviewed the planning and safety procedures for the 2012 Senior Camp at Forest Lakes, Otaki. The school attend this camp every two years and it is OSH accredited. Approval was given for the camp to proceed in February 2012.
